

Nature Journaling Supplies - Classroom series

A journal or sketchbook with smooth paper that is heavy enough to hold a little water for watercoloring. I find it easier to use journals and sketchbooks that are wire-bound. For this workshop I recommend Stillman and Birn Alpha Series hardcover wire bound notebooks, 9 x 12 inches or a Strathmore Visual Journal Mixed Media Journal, 9 x 12 inches.

Watercolor paints: If you own watercolors, bring what you have. If you need watercolors, you can purchase an inexpensive set of kids' Prang watercolors

Alternatively, you could spend more for a Winsor & Newton Cotman Sketchers travel set

Pens: Permanent, waterproof black pens with fine and medium tips. Be sure that it is actually waterproof! Pitt and Micron artist pens are waterproof. Any and all other pens and pencils you enjoy writing with, including ball-point pens

Pencil, eraser, small ruler
